

DOWN PAYMENT

\$500,000

Such as with any purchase of a new home, we must place a down payment on a new home for our church, and take care of any deferred maintenance. The building we're looking towards is a miracle building: 250-300 person auditorium, expansive kid's space, and room for incredible growth.

-We will raise \$500,000 as a down payment towards this building, as well as towards any deferred maintenance we need to make the space safe for everyone!

PHASE 1

\$150,000

Demo and remodel of both the main auditorium and lobby space. This includes, but is not limited to...

- New paint and flooring in both the auditorium and lobby
- Demolish the old stage, and build a stage big enough for our team
- Upgrade and install new audio, video, and lighting technology
- Demolish and remove old pews, and purchase all new seating
- Build a new Hello/New Guest, and Cafe area in our lobby

There's always the possibility even more things will arise as we begin work, so stay tuned to learn more!

PHASE 2

\$100,000

Demo and remodel of the entire downstairs area to create a brand new Wonder Kids and YOUTH space. To do this, we need to build relevant, FUN, and incredible kids and youth rooms. We'll demo the entire space, then build...

- All new welcome/check-in stations
- Multiple specialized babies rooms (infants, crawling, and walking)
- Bigs Room 1 (6-8 years old) & Bigs Room 2 (9-12 years old)
- A Large Youth Room for Middle and High Schoolers
- A Classic Arcade Room
- A new Multipurpose Space for NEXT Classes and One Groups

For all of this, we need to tear down everything, then install all new walls, lighting, paint, carpet, and purchase all new decor, furniture, games, and many other tools and resources for anything that will help us in helping your student develop in their relationship with the Lord.

HERE TO STAY

PROJECT OVERVIEW

Over the past 5 years of our church's life, we have seen God do miracle after miracle. We give him all the glory for provisions met, and souls saved and lives redeemed.

But now we feel God calling us to "plant" and "stay". And we are pursuing a Miracle Building to see God draw more people to himself, to raise up the next generation in hope and purpose, and worship the One True God with all we have!

Here To Stay is an all-church campaign designed to meet the \$750K needed to buy our Miracle Building, refurbish the auditorium and lobby, and create an incredible space for our next generation
